gecko go
in-car charger for iPod and iPhone

Gecko Go in-car charger allows you to charge any dockable iPod or iPhone in your car, boat, caravan or anywhere else you have a 12v power outlet. Simply plug your dock connector into your iPod or iPhone and the 12v plug into your cigarette lighter.

LED power indicator gives you a Gecko green light when ready to charge and a amber light while charging.

Don't be left with a flat iPod battery!

compact   **auto reset fuse**

Features:

iPod protection.
Auto-resetting solid-state circuit breaker protects your iPod from damaging voltage spikes.

Compatibility.
Official certification with Apple's "Made for iPod" and "Works with iPhone" programs ensures product compatabilty and ease of use. Fits all standard 12v cigarette lighter and auxiliary power source outlets and can be used with all dockable iPods.

Easy to use.
Plug and play functionality allows trouble-free fast and easy charging.
